Organization
Analytical

Education

Savannah College of Art and Design, Expected Graduate: Nov. 2023

M.F.A Visual Effects

Rollins College 2015- 2019

B.A.S Computer Science

Experience

June 2018 – August 2018

Office Manager • Elite Animation Academy

As Office Manager, I oversaw weekly youth summer camps teaching animation and art to kids from 10 – 18 years of age. There were roughly 20 students per week split into two classes and I coordinated with the two instructors as well as 3 interns under my supervision. My duties included managing client information and supplies, handling brief tours and advertising to walk-ins, ensuring the safety and satisfaction of students, providing technical support, stepping in to instruct classes, and overall making sure everything ran smoothly.

June 2017- August 2017

Animation Teaching Assistant • Elite Animation Academy

As Teacher Assistant intern, I helped instruct kids aged 10 – 18 in art and animation at weekly summer camps. During exercises, I would provide tips or inspiration to help the children improve their work. Also, I would step in during lectures when certain knowledge was needed. In addition, I oversaw their happiness and safety.

Other Experience

Competitive Softball for 16 years, 4 years NCAA Division II (Rollins)
President of Interact Service Club, Freedom High School, 2015
